Consultative Referendum

[Print](#) [Please respond to this page](#)

The City Council of Utrecht involves like its inhabitants in decision-making on subjects that are important for the whole city. The Consultative Referendum is set to inhabitants of Utrecht can at an early stage to ask for their views on a particular subject. In a Consultative Referendum is the initiative to the City Council. Residents can then vote for or against this decision. Caution: the [outcome](#) of the referendum is not binding.

Conditions

If the City Council wants to put in motion a Consultative Referendum then this must satisfy the following conditions:

- The topic should have a large project that has profound implications for the Utrecht society. In a Consultative Referendum, there is still no decision was taken by the City Council. Well there is a [starting document](#) stating which project the referendum comes about.
- The initiative for a Consultative Referendum lies with the Utrecht City Council. The majority of the Council should want to hold a referendum. The municipality then [organizes](#) the referendum.
- The question in the referendum may with to answer ' yes ' or ' no '. It is also possible that residents can choose from two different effects of a specific project, such as ' A ' and ' 1 ' vision vision.
- Anyone who is entitled to choose for the Utrecht municipal elections may vote at a referendum.
- With a turnout of at least 30% of the voters is the result valid.
- The [referendum Commission](#) oversees the conduct of the referendum.
